PROSPECTUS 2017-2018

President's Message

In life we have many challenges to face. It is almost as if we were going to a great training centre that lasts all of our lives. But we have to surmount all those challenges and come out successfully in life. For that we need the right kind of abilities, potentialities, knowledge and positive outlook.

We gain all these through the right kind of education. True education not only informs but also forms the mind. It helps us to go through vale of life, overcoming all the obstacles coming on the way. In fact, there is no difficulty that we cannot conquer with the right type of education.

I am sure you have taken the right decision in joining S.P.N. College, Mukerian, the most prestigious institution of the area. We have highly qualified and experienced faculty in all the departments. Apart from producing meritorious students in the field of academics, the institution has an outstanding record of excelling in sports and co-curricular activities. The institution aims at harmonious and comprehensive development of the students in all spheres – physical, mental, intellectual and spiritual.

The result is that when students move out of the portals of this institution, they not only have obtained degrees, but they also have groomed into balanced and stable human beings. They not only bring success for themselves, but also prove to be assets for the society and the country at large.

I wish all of you a scintillating success and a glorious future.

Rajan Makkar
President

From Principal's Desk

Welcome to the holy precincts of Swami Premanand Mahavidyalaya, Mukerian. This premier institution has been in existence since July 1971. With the co-operation of enlightened citizens of the illaga, inspiring wisdom of the Managing Committee and creative imagination of the faculty members, SPN Mahavidyalaya has carved for itself an envious niche in the University academic circles.

While I am proud to be associated with this institution, I expect that our students will make this bond richer, fuller and better. The motto of the college, "Determination to Succeed" epitomizes what Swami Vivekanand envisioned for each one of us: Arise, Awake and Stop not till our goal is achieved. Let us all awaken the child in us. Let us all soar in the skies, dive in the seas and walk on the planet with commitment, dedication and readiness to help our fellow brothers. Take from the institution what it offers and pay back at the suitable time for the institution to grow fruitfully, fragrantly and productively.

COLLEGE VISION

"To be An Iconic Model of Learning Communities and Organizations, enabling students to nurture their young minds to think and to act in the best interest of dynamic World in which they grow."

COLLEGE MISSION

"To make students the keenest learners and to bring out their hidden potential in terms of scholastic abilities, global skills and community service."

HISTORY OF THE INSTITUTION

The College derives its name from SWAMI PREMANAND- a saint and philosopher of the modern times. He has been a great force in pioneering the religious sentiments in the second and third quarter of the past century. The essential spirit of Swamiji's message lays emphasis upon the need for abolishing ignorance and dogmatic beliefs which had for centuries crippled the human mind. So it was thought appropriate by the people of the area to raise an educational institution in the memory of this enlightened son of God who met with a fatal accident on 23rd April, 1965 at Mukerian.

The sudden and sad demise of this great saint, though an irreparable loss to the cause of humanity proved to be an ultimate boon for the people of the area. It became stimulant for the opening of a temple of learning where the darkness of ignorance could be shed and the spark of knowledge could be kindled in the minds of the heirs of nation's destiny. No better homage could be paid to noble soul who has raised a forceful voice against old superstitious ideas. His life had been spent in the service of mankind and in the service of God. Swamiji travelled all over the world to share his experience and to uplift and awaken humanity.

LATE SH. B.N MAKKAR, the founder Life President of S.P.N. College Mukerian, left for his heavenly abode on 12-4-1998. He started the project of opening his college, with the active co-operation of the people of this area and finally succeeded in founding it in 1971. Founder President Late Sh. B.N MAKKAR always identified himself with the youthful aspirations among the college managing committee, staff and the students. He was born on 18th October, 1924 at Mukerian, Distt. Hoshiarpur. He was a person of versatile qualities. He spent the better part of his life in the service of mankind. He was a bold speaker and organizer. It made him lovable to one and all. He was a leading public man and an eminent educationist of the area. The coming generations shall remember him for years to come. During the span of these 44 years, the college has grown into a splendid temple of higher education and is now counted among the leading institutions of the state. Its achievements in academic, cultural and sports sphere have been consistently outstanding for these years. Started with Arts and Commerce faculties, the college has now science faculty also. The credit for all this goes to our beloved President Sh. B.N. Makkar, who left us all in tears.

During 44 years, managing committee, principals and the staff of S.P.N. College contributed a lot to the expansion and progress of the institution. In the beginning, the college had five class rooms and the student strength was less than four hundred. But the college continued making a tremendous progress every year. The present number of 50 class rooms, administration block, a big separate library building, a big student centre, a computer centre, parent-cum-visitor room, management conference room and fully equipped laboratories have given the college a new shape now. As a result of the combined efforts, the number of students in the college has swelled to about 2000. It is a rare achievement of our rare institution.

COLLEGE CAMPUS

The College campus has come to wear a new and better look with the recent additions and alterations made in its premises. The library building with its two huge, spacious, well-lighted and well ventilated halls provides the campus an aura of great intellectual activity. The building in fact, is one of the biggest in the colleges of Punjab. The cycle shed near the main gate of the college provides facilities for parking of cycles, scooters, cars to the students and the staff of the college. It has been extended further this year to accommodate the increasing number of vehicles. Adequate arrangements have been made to provide cold drinking water facilities to the students by making provision for water coolers. The lawns and flower beds have been reshaped to satisfy the eye of even an expert aesthete.

Another landmark was achieved in July 1990 with the starting of science faculty in the college. With this, long-standing need of the students of this area was fulfilled. In a very short span of time, a separate block was built for this faculty. To-day this block is complete, with its well-lighted and large-sized class rooms and well equipped laboratories. Having started with only senior secondary certificate part I and II classes, the college now runs classes up to B.Sc. III (Non-Medical and Medical), M.Sc., M.Com., M.A. classes.

PROFESSIONAL COURSES

The college has not lagged behind in introducing professional courses like BCA, B.Com., M.Com., M.Sc. (Physics, Chemistry, Maths) and PGDCA Job oriented courses-which are the utmost need of the hour in this age of professionalism. In future the college plans to undertake more such courses. Our BCA labs are amongst the best labs in Punjab, with all the state-of-art facilities. The faculty members are highly learned in their respective fields.

All through the session, the college campus remains a place of peaceful and purposeful activity. Students remain devoted to their studies and remain away from politics. Societies and organizations are formed by them for constructive purposes. The basic and the most important reason behind the peaceful atmosphere of the college is the cordial relationship between the students and teachers. The teachers try to understand the problems of the students, keeping at the same time a respectable distance from them.
