**An Eminent Educationist,

Sh. B.N. Makkar Ji

*The founder President of Our College
A devoted and selfless Soul and
a perpetual source of inspiration
to the staff and students of the college.*

(18th October 1924 - 12th April 1998)

President's Message

Established in 1971, SPN College has today grown into an oak tree. It is the joint effort of the SPN fraternity that our prestigious Institution is today known far and wide for its excellence in academics, sports and extra-curricular activities. Good education is one of the greatest gifts that parents can give to their children. We have established SPN College with the sole objective of providing the best possible education. The real aim of education is not only to inform the mind but also to produce responsible and law-abiding citizens. Our college provides such an atmosphere as is congenial to this kind of development.

With experienced and dedicated teachers and excellent infra-structure, our college helps students to realize their goals in life. I encourage all students to take advantage of the opportunities provided by the college. The overall development of the mind and the body is a sign of a healthy and complete development.

*Rajan Makkar
President*

Principal's Message

I am immensely delighted to reach out to you through the prospectus of our reputed Institution. I heartily welcome all the young seekers of knowledge to this holy temple of learning. You are indeed blessed to find an opportunity to get education at one of the best colleges of the state. In the recent years, the college has taken a big stride in imparting quality education by introducing various masters' degrees in the faculties of Science, Commerce & Arts.

In this cut-throat competition, it is of paramount importance to be equipped with appropriate knowledge, good habits and positive attitude. To be successful in life, dream big and define your goals clearly as early as possible. Young age is the period when one is flooded with energy and enthusiasm. It is the period when one can make or mar one's career. We all know that water harnessed in dams not only generates electricity but also irrigates our fields. But the same water, if let loose, plays havoc with our lives. The youth needs to channelize its energy in the right direction.

Dear students, the country has very high expectations of you. Be the guardians of our rich heritage, culture, traditions and above all, human values. Glory and fame are awaiting you. Always bear in mind that time once past cannot be recalled. Be positive and steadfast and you will definitely triumph over all hurdles and obstacles that might thwart your plans.

HISTORY OF THE COLLEGE

The college derives its name from SWAMI PREMANAND- a saint and philosopher of the modern times. He has been a great force in pioneering the religious sentiments in the second and third quarter of the past century. The essential spirit of Swamiji's message lays emphasis upon the need for abolishing ignorance and dogmatic beliefs which had for centuries crippled the human mind . So it was thought appropriate by the people of the area to raise an educational institution in the memory of this enlightened son of God who met with a fatal accident on 23rd April, 1965 at Mukerian.

The sudden and sad demise of this great saint, though an irreparable loss to the cause of humanity proved to be an ultimate boon for the people of the area. It became stimulant for the opening of a temple of learning where the darkness of ignorance could be shed and the spark of knowledge could be kindled in the minds of the heirs of nation's destiny. No better homage could be paid to a noble soul who has raised a forceful voice against old superstitious ideas. His Life had been spent in the service of mankind and in the service of God. Swamiji travelled all over the world to share his experience and to uplift and awaken humanity.

LATE SH. B. N. MAKKAR, the founder Life President of S.P. N. College Mukerian, left for his heavenly abode on 12-4-1998. He started the project of opening this college, with the active co-operation of the people of this area and finally succeeded in founding it in 1971. Founder president Late Sh. B.N.Makkar always identified himself with the youthful aspirations among the college managing committee, staff and the students. He was born on 18th October, 1924 at Mukerian, Distt. Hoshiarpur. He was a person of versatile qualities. He spent the better part of his life in the service of mankind. He was a bold speaker and organizer. It made him lovable to one and all. He was a leading public man and eminent educationist of the area. The coming generations shall remember him for years to come. During the span of these 45 years, the college has grown into a splendid temple of higher education and is now counted among the leading institutions of the state. Its achievements in academic, cultural and sports sphere have been consistently outstanding for these years. Started with Arts and Commerce faculties, the college has now science faculty also. The credit for all this goes to our beloved president Sh. B.N.Makkar, who left us all in tears.

During 45 years, managing committee, principals and the staff of S.P.N. College contributed a lot to the expansion and progress of the institution. In the beginning, the college had five class rooms and the student strength was less than four hundred. But the college continued making a tremendous progress every year. The present number of 50 class rooms, administration block, a big separate library building, a big student centre, a computer centre, parent-cum-visitor room, management conference room and fully equipped laboratories have given the college a new shape now. As a result of the combined efforts, the number of students in the college has swelled to about 2000. It is a rare achievement of our rare institution.

COLLEGE CAMPUS

The college campus has come to wear a new and better look with the recent additions and alterations made to its premises. The library building with its two huge, spacious, well-lighted and well ventilated halls provides the campus an aura of great intellectual activity. The building in fact, is one of the biggest in the colleges of Punjab. The cycle shed near the main gate of the college provides facilities for parking of cycles, scooters, cars to the students and the staff of the college. It has been extended further this year to accommodate the increasing number of vehicles. Adequate arrangements have been made to provide cold drinking water facilities to the students by making provision for water coolers. The lawns and flower beds have been reshaped to satisfy the eye of even an expert aesthete.

Another landmark was achieved in July 1990 with the starting of science faculty in the college. With this long-standing need of the students of this area was fulfilled. In a very short span of time a separate block was built for this faculty. Today this block is complete, with its well-lighted and large-sized class rooms and well-equipped laboratories. Having started with only senior secondary certificate part I and II classes, the college now runs classes up to B.Sc. III. (Non.- Medical & Medical), M.Sc., M.Com., M.A. classes.

PROFESSIONAL COURSES

The college has not lagged behind in introducing professional courses like BCA, B.Com., M.Com., M.Sc. (Physics, Chemistry, Maths) and PGDCA Job oriented courses - which are the utmost need of the hour in this age of professionalism. In future the college plans to undertake more such courses. Our BCA labs are amongst the best labs in Punjab, with all facilities. The faculty members are highly learned in their respective fields.

All through the session, the college campus remains a place of peaceful and purposeful activity. Students remain devoted to their studies and remain away from politics. Societies and organizations are formed by them for constructive purposes. The basic and the most important reason behind the peaceful atmosphere of the college is the cordial relationship between the students and teachers. The teachers try to understand the problems of the students, keeping at the same time a respectable distance from them.

COLLEGE VISION

" To be An Iconic Model of Learning Communities and Organizations, enabling students to nurture their young minds to think and to act in the best interest of dynamic World in which they grow."

COLLEGE MISSION

" To make students the keenest learners and to bring out their hidden potential in terms of scholastic abilities, global skills and community service."
